## OUR STORY

It all began with the love for BBQ from the backyard of my home in Burbank, IL where my Dad would cook. My own love of cooking grew after spending so many years working in the restaurant industry and cooking for my family and friends at home. I learned a lot from my Dad with different cooking techniques and loved testing out new foods and ingredients. My passion grew as I decided to build my own smoker in my driveway. With that, I perfected my own BBQ sauce and eventually began booking caterings for the people in the neighborhood looking for a whole smoked pig. In 2013 and 2014, I entered the Windy City BBQ Classic and placed 2nd both years. With that, I began to expand my business throughout the area and introduced new menu items. Throughout all these years, I could never be where I am at today without the support of my amazing family and friends who have been essential in keeping the dream alive from Burbank to Homer Glen.

\*\*Disclaimers: Due to the long smoking process our meat may appear pink or red in color. This discoloration is created because of our awesome smoking method. It is especially apparent in our poultry and ribs. We promise all our smoked meats are cooked to healthy and safe temperatures. In order to offer our customers top quality and freshly prepared items, we will occasionally run out of food each night. It's our promise to serve you only the best. We apologize for any inconvenience this may cause.\*\*
